

GREEN HOUSE GROWING SERIES

Instructor: Bruce Edwards

Bruce Edwards, renowned for his work with Urban Harvest, has been a pioneer in the modern organic agriculture movement. The workshop will begin with an introduction to greenhouse growing and composting with worms, followed by more intense greenhouse techniques after lunch.

When: Dec 12th

Where: Creek Council House
Museum 100 W 6th St.

Time: 10:30 -12:00 Intro
1:30 - 4:00 Advanced

What: Introduction to greenhouse growing.

Instructor: Luke Reed

Luke Reed, originally from Oklahoma, teaches agriculture at the Santa Fe Indian School, where the students learn to produce cultural, ornamental and food crops in the greenhouse. Mr. Reed will be working with the two model communities assisting with their construction and site preparation plans for their greenhouses. The Jan 5th evening session will be about general greenhouse growing information.
